NACC Personal Support Worker DE 2022- Program Outline

Program Details

The **NACC Personal Support Worker DE 2022 (PSW)** Certificate Program at **Prime International College of Health Care and Technology** provides students with the knowledge, skills, and hands-on experience required to excel in Ontario's healthcare sector.

Our curriculum focuses on the latest care techniques, safety standards, and person-centered practices used in Canadian healthcare environments. Through in-person training and supervised clinical experience, students learn to meet the emotional, social, and physical needs of individuals in their care while promoting dignity, independence, and quality of life.

Admission Requirements

- Ontario Secondary School Diploma (OSSD) or equivalent
- Minimum 18 years of age
- Mature student with SLE (min 18 score)
- Proficiency in English
- Basic computer literacy recommended

**Meeting minimum requirements does not guarantee admission. Seats are limited and subject to program availability.*

Employment Profile

Graduates of the **NACC PSW DE 2022** Program are trained to deliver safe, compassionate, and high-quality support to clients across healthcare settings. They are skilled in assisting with activities of daily living, monitoring vital signs, maintaining safety and hygiene, and supporting emotional well-being.

Strong communication, empathy, and professionalism enable our graduates to build trust and provide exceptional client care in all settings.

Their ability to create a welcoming and efficient environment makes them valuable members of any healthcare team.

Graduates from **Prime International College of Health Care and Technology** are also equipped with the confidence and adaptability to work in diverse care environments, from hospitals and long-term care homes to private residences and community agencies. **Prime International College of Health Care and Technology** provides **100% job placement assistance to all our graduates.**

Career Opportunities

The NACC Personal Support Worker DE 2022 program prepares students for diverse and rewarding healthcare administrative roles, such as:

- Personal Support Worker
- Hospital Support Worker
- Community Support Worker
